MODULAR PARTITION

Barriers, Partitions & Crowd Control Solutions

Pandemic Response Applications

The COVID-19 crisis demands a fast response. The social isolation requirements of the pandemic has taught us that things we once took for granted, like standing in line is now no longer safe. Covermaster's Modular Partition System can help you quickly adapt our architecture to the new normal, and then restore it quickly when the crisis has passed.

INSTA-ROOM

Turn any indoor or other open area into a suite of patient rooms in a single day. Configurable for different layouts and room sizes, from the size of a phone booth up.

INSTA-ROOM can be erected in one day or less with no skilled labour required. Available graphics provide important information or calming images.

All components of our INSTA-ROOM frame and fabric system can be easily disinfected by spraying and wiping with Lysol® or equivalent

SAFE QUEUE

Promote self-isolation behaviour with graphic partition system.

The SAFE QUEUE system is built using the Look Modular Partition to isolate different lanes of a zigzag queue with an 8' (2.4m) high barrier. Additionally, graphics display promote the required separation.

SAFE QUEUE is lightweight, freestanding and moveable. Like Insta-Room easily disinfected by spraying and wiping with Lysol® or equivalent
